Training

Frontend Developer(React)

Texon Limited | Dec 2021 - Feb 2022

About Me

I'm a CSE graduate passionate about programming. As an Engineer at Fiber@Home Ltd., I monitor NMS and oversee the major telecom operators' backbone links and BTS sites like Grameenphone, Banglalink, Robi, and Teletalk. Previously, I worked as a Trainee Engineer, gaining experience in network monitoring and client support.

With a strong work ethic and a commitment to continuous learning, I'm eager to apply my skills in solving complex problems.
